

Youth Behavioral Awareness Program

Nutrition

- Two nutrition classes for each school site within eight months for grades 1st-8th.
- Each class will include two guest speakers on healthy eating choices, and students will be provided with healthy snacks.

College Readiness

- Students in the 6th - 8th grade will have the opportunity for career exploration, discuss college requirements, and experience college tours.
- Providing these skills and experience will enhance their personal growth and academic success

Trauma-Informed Care

- Student will receive two behavioral health classes prioritizing trauma-informed care for each school site within eight months for grades 1st-8th.
- Each class will include guest speakers on self-care, healthy relationships, and substance abuse

Parent-Child Relationship Building

- The Parent-child Relationship Building pillar events will offer students and parents the opportunity to learn, engage, and interact with alternative nutritional approaches
- Information on how to support and afford college for their student(s) will also be provided .
